

## Let's get this adventure started

For the adventurers who want a little more excitement in their ride. The Peddle Pro electric pedal bike is designed for exploring and getting up close and personal with nature

### No more bumps in the road

Driven by a Motinova central drive motor, the Peddle Pro electric bike is built to withstand even the toughest terrains. Easily pedal your way comfortably over hills and uneven ground. With the Peddle Pro, you're in for your smoothest ride yet

### Stay smooth and stable

Experience an off-road experience with the smoothness of riding down the street. Suntour premium front fork suspension keeps you comfortably in your seat, even when the road gets tough. And for stiff roads, the suspension can be locked remotely for stability you can rely on

### Go further

The Peddle Pro is our only electric bicycle model to come with a Samsung battery. Offering a distance of around 80 miles of exploring in one charge\*, the removable battery is packed with the power to keep your next adventure rolling for longer. And you'll get an additional charger included, so your journey won't end until you're ready

## All Peddle bikes come loaded with extras

### Over £500 of features included

Peddle electric bikes go beyond the basics. Enjoy a host of innovative upgrades on all of our bike models, designed to make adventuring smoother, easier, and accessible to all

### Includes up to £150 worth of accessories

When we say that we'll handle the rest, we really mean it. Every Peddle electric bike comes with a pack of essential accessories to get up and riding

### Extensive 24 months' warranty

Ride with peace of mind. If you find any faults with your Peddle electric bike within the first 24 months, you can return it to us for a full refund\*
